Friday 5pm, Week14

- Email 1 softcopy to academic supervisor
- Upload 1 softcopy to Moodle
- Collect evaluation form from industrial supervisor

Communication between students and Academic Supervisor.
Arrange for company visit/skype meeting.

Commonly asked question ...

1. I found an intern offer that requires me to attach request letter from institution as well as some other documents(IC, resume, academic transcript) to apply. So where or who can I get the request letter from institution from?

Refer to Moodle and/or Contact CAREER SERVICE

Email CAREER SERVICE the 6 Details and the Offer Letter

5 Details are:

- Company Name:
- Company Address:
- Position:
- Person-in-charge's Email:
- Person-in-charge's Contact Number:
- Exact duration of internship(dd/mm/yy - dd/mm/yy):
- Have you submitted the liability form together (Yes/No)?:

Commonly asked question ...

2. I would like to know when our academic supervisor will be announced.

Around Week 3 of the Semester, till you can contact Industrial Training Coordinator.

3. In the course of internship period, if I encounter any issue related to personal/confidentiality matters etc, who do I contact?

Before Week 3 – Industrial Training Coordinator. After Week 3 – Academic Supervisor

4. How do I confirm if the company that I am going to seek internship is appropriate?

Check with Industrial Training Coordinator

Commonly asked question ...

5. I have started my internship early. Can I end my internship earlier after I have completed 12/15/18weeks

The internship duration will be counted officially from the first week of the semester. The last day of the internship cannot be earlier than week 12. The student can extend their internship more than 12 weeks if the company agree with the duration.

6. The start date of internship is a public holiday, the company requested me to start after the holiday.

The student will need to start their internship not later than Week 2 of the semester.

Commonly asked question ...

7. Question 7. Can I change my internship company during the internship if I get another better offer?

No, you cannot change your internship company. If you changed the internship company, your internship will no longer be valid and you have to retake the internship.

Commonly asked question ...

8. Can I end my internship before the agreed date with the company?

Example: If your agreed internship duration is 15 weeks. However, you decide to end on earlier after completing 12 weeks of internship.

What to do?

1. Email to Academic Supervisor, Career Service Office (CSO) and Internship Coordinator to get approval consensus.
2. You must get **a signed letter from the company** that they agree to release you with the latest end date.
3. Email the signed letter from the company to Academic Supervisor, CSO and Internship Coordinator.

Commonly asked question ...

9. Graduating students whose final module is internship

For all graduating students whose final module is internship, if you require a proof of completion at times earlier than the announce timelines, you will need to email your formal request directly to the OAA office with solid justification and supporting documents. Your request will be addressed by OAA office on a case-by-case basis.

If your request has been approved, you will need to inform the internship coordinator and your academic supervisor. Your academic supervisor will then evaluate and grade your industrial training upon receiving your report and company supervisor evaluation form. The marking process will take approximately 3~5 days, we will then submit your result to the OAA for the subsequent process of your proof of completion.

Thank You 😊
